

Education in Machinery Health™ Management

ONSITE INSTRUCTION MATCHES TRAINING TO YOUR NEEDS

DESCRIPTION

We're bringing our instructors to you with customized one-day training!

Take advantage of this limited-time offer for customized training at your company location without the cost of travel and without taking critical resources away from your facility.

Emerson now offers one-day Onsite Instructor Training (OIT) Modules providing training on a variety of popular courses. Our instructors will come to your site at your convenience with all the necessary supporting material and equipment.

ONSITE INSTRUCTOR TRAINING PROVIDES:

- Accelerated course material that is perfect for everyone from beginner to intermediate
- The flexibility to customize a training program to your needs
- The opportunity to maximize the return on investment on your predictive diagnostic technologies and software
- The ability to receive training from certified instructors at a fraction of the cost and without incurring travel expenses

DETAILS

- All modules are one-day events at customer site for 1-3 students.
- Price:
 - \$3,500 for first module for up to 3 students
 - Add additional modules during same visit for \$1,000 per module
 - Add students up to a total of 10 per module
 - \$800 per additional student (after initial 3) for 1st module
 - \$200 per additional person for each additional module
- Training manual, all supplied training aids and all instructor travel expenses to U.S. locations is included.
- Registration:
 - Contact your Emerson Sales Representative for quotation and registration information.

Education in Machinery Health™ Management
