Dear Valued Customer,

Thank you for your interest in purchasing Rosemount products for a project funded by the American Recovery and Reinvestment Act of 2009 ("ARRA"). Under the ARRA, certain prime contracts may require goods manufactured in the USA only. Other prime contracts may allow for the use of goods manufactured in a "Designated Country" as specified within ARRA. As the prime contractor, you should carefully examine your prime contract to confirm your understanding of which provisions apply in your case.

Rosemount Inc. is pleased to confirm that the following Rosemount instrumentation products you inquired about are manufactured in Mexico, which is specified as a "Designated Country" under §1605 of the ARRA, as amended by Federal Acquisition Regulation ("FAR") Interim Rule Subpart 25.603(c), Volume 74 Fed.
